09/20/2018		ENDORSED ORDER denying without prejudice <u>146</u> Motion for Leave to File. <i>Text of Order: Plaintiff Natasha DeLima has filed a motion for leave (Doc. No. 146) to file a motion to amend her complaint. The plaintiff has failed to comply with the terms of the June 18, 2018 Case Management Order (Doc. No. 105) ("CMO") issued in this case. Specifically, the motion to leave does not contain a certification, as to the motion she seeks to file, that she has "complied with all applicable local rules of this court, Federal Rules of Civil Procedure, and orders of this court." CMO at 5-6. Such a certification would not have been accurate, in any event, as DeLima has failed to comply with LR 5.1(d) and Fed. R. Civ. P. 5(d)(1) concerning the Certificate of Service requirement, and LR 7.1(c), which requires a party filing a nonsdispositive motion to certify to the court that a good faith attempt has been made to obtain concurrence in the relief sought from the opposing parties in this case. Further, the motion for leave fails to comply with the CMO's requirement that it include "the reasons why [plaintiff]</i>

		<i>could not include the contents of the proposed filing in any earlier filing addressing the same issue. The motion for leave to file a motion to amend the complaint (Doc. No. 146) is therefore DENIED, without prejudice to plaintiff seeking to refile the motion in compliance with the CMO; such motion must be filed within fourteen days of the date of this Order.
